THE PLAY

1. Sneak into a window display. Assume a comfortable pose. Freeze.
2. Stare out at pedestrians until you see a hottie walk by. This might take a while, so be careful not to lock your legs.
3. Slowly "come to life," knock on the glass, and beckon her inside.
4. Tell her that you've seen her walk by hundreds of times and prayed every night that one day you'd become real just so you could touch her skin.
5. Touch her skin.
6. Have sex with her. Not in the window display: that's probably illegal these days.
