

THE

I CAN GUESS YOUR WEIGHT

Success Rate	65%
Attracts	all women
Requirements	basic math
Prep Time	none!
Bummers	miscalculations can get ugly

THE PLAY

1. Approach your target and announce that you can guess her weight.
2. Intrigued, mortified, and paralyzed by her body-image issues, she'll want to know your guess.
3. Take what you think she really weighs and subtract twenty-five pounds. Now subtract another five. Give her this number.
4. Have sex with her.
